

The October meeting promises to be a productive one. Plans, ideas, suggestions, inspirations and goals for future Ring meetings will be discussed, tossed around and analyzed. To outline successful formats we need your input. So put on your magical thinking cap and let us know what interests you: magic workshops, contests, formal programs, lectures, special meetings or . . . ? Bring your ideas and contribute.

---

This meeting will feature a review of the new coin book by Richard Kaufman - CoinMagic. Your faithful scribe will bring the book and tell you all about it.

---

Come to the meeting and bring a trick and an idea. See you there.

Meeting date: Thursday, October 1, 1981

time: 7:30 p.m. (don't be late)

place: C.A.R.T.T - Markham + University Aves.

Mike Curtis
